

The Pleasance Natural Play Space Improvements and Trim Trail Consultation

Wandsworth Council want to hear your views about plans for the refurbishment of The Pleasance Natural Play Space as well as installing some trim trail items for adults.

Three designs have been developed for you to choose from and comment on. We would like your feedback to help decide on a final design. The new play equipment will have to be appropriate for the age range of intended use. For The Pleasance Natural Play Space, the intended age range is for children up to 8 years of age. The new trim trail items are intended for adults.

What happens next?

Once this consultation has closed, all of the feedback will be carefully considered to decide on the final design. The final design will then be submitted for planning approval.

Whilst every attempt will be made to construct the final design to plan, certain elements may have to be altered during the implementation stage due to unforeseen technical or logistical issues.
